

Lady of the Sea General Hospital

Social Worker

Please indicate in the "Requested" section, those privileges which you are requesting.

Requested	Recommended	Approved	Delineation of Privileges
			Social Work Assessment: Interview patients, identify areas of need involving resources, caregivers, and social/emotional factors affecting recovery. When appropriate, make recommendations to other members of the treatment team.
			Brief Therapy: Provide a brief psychotherapy to individuals or families whose emotional state or patterns of interaction are adversely affecting the health or medical recovery of a patient.
			Discharge Planning: Interact with physicians, case managers, and other hospital staff when appropriate to ensure optimum attention to social/emotional factors in discharge planning for cases of identified need.
			In-patient /Out-patient Psychiatric: Provide supervision and consultation to the Social Services Department. In the course of such supervision, the Social Worker may at times provide individual or group psychotherapy, participate in staff or treatment team meetings, and interact with family members of patients. The Social Worker may also interact with and/or make recommendations to staff regarding issues affecting the recovery of the patient.
			Charting: The Social Worker will document in the patient's chart interventions or recommendations made on the patient's behalf.
			Other:

I am qualified and competent to perform those privileges that I have requested.
