

Note: Please use the appropriate age category symbol(s) under label "Requested". 'n' = newborns (0-30 days), 'p' = pediatrics (30 days to 14 years old), 'a' = adults.

REQUESTED N, P, A	GRANTED	GRANTED WITH CONDITIONS	MINOR SURGERY - PAGE ONE	TYPE OF TRAINING		# PERFORMED LAST 12 MOS.	ESTIMATED % PAST COMPLICATIONS	
				RESIDENCY FELLOW	SELF TAUGHT		MORBIDITY	MORTALITY
Special Procedures								
			Total Parenteral Nutrition					
			Chemotherapy					
			Respiratory Therapy					
			Indwelling arterial cannule placement & monitoring					
			Temporary Pacemaker Placement					
			Arterial Puncture					
			Internal Jugular or Subclavian Catheterization					
			Swan-Ganz Insertion & Monitoring					
			Echocardiography					
			Esophageal Dilatation					
			Joint Injection					
			Peritoneal Dialysis					
			Exchange Transfusion					
			Lumbar Puncture					
			Cardioversion					
ENDOSCOPY								
			Gastroscopy					
			Proctosigmoidoscopy - NO Biopsy					
			Proctosigmoidoscopy - WITH Biopsy					
			Colonoscopy					
			Bronchoscopy					
			Choledochoscopy					
MINOR SURGERY								
			Abscesses Incision & Drainage					
			Cutaneous Biopsy Skin Lesion & Cysts Including Breasts					
			Lipoma, Minor					
			Suturing of Uncomplicated Laceration					
			Evacuation of Thrombosed Hemorrhoids					
			Superficial Localized Burns					
			Cervical Lymph Node Biopsy					
			Circumcision, Infant					
			Simple Skin Grafting					
			Other:					
ASPIRATION								
			Joint					
			Pericardial					
			Thoracentesis					
			Abdominal Paracentesis					
			Small Bowel

REQUESTED N, P, A	GRANTED	GRANTED WITH CONDITIONS	SURGERY PRIVILEGES - PAGE TWO	TYPE OF TRAINING		# PERFORMED LAST 12 MOS.	ESTIMATED % PAST COMPLICATIONS	
				RESIDENCY FELLOW	SELF TAUGHT		MORBIDITY	MORTALITY
BIOPSY								
			Liver					
			Renal					
			Pleural (Closed)					
			Bone Marrow					
			Other Biopsy:					
			UROLOGIC (Please List)					
OTOLARYNGOLOGICAL/NECK SURGERY								
			Thyroidectomy					
			Parotidectomy					
			Deep Abscess of Neck					
			Tracheostomy					
			Radical Neck Dissection					
			Scalene Node Biopsy					
			Submaxillary Gland Resection					
			Tonsillectomy & Adenoidectomy					
OPHTHALMIC								
			Chalazion					
			Pterygium					
			Enucleation					
			Corneal Laceration					
			Lens Implant					
			Cataract					
			Glaucoma					
			Retinal Surgery					
			Other:					
THORACIC								
			Esophageal Surgery					
			Permanent Pacemaker Insertion					
			Rib Resection					
			Diaphragmatic Surgery					
			Pulmonary Resection					
			Open Chest Drainage					
			Thoracoplasty					
RECTAL								
			Excision of Pilonidal Cyst					
			Hemorrhoidectomy					
			Anal Fissure & Fistula in ANO					
			Biopsy of Rectal Lesion					

Applicant's Signature: _____

REQUESTED N, P, A	GRANTED	GRANTED WITH CONDITIONS	SURGERY PRIVILEGES - PAGE THREE	TYPE OF TRAINING		# PERFORMED LAST 12 MOS.	ESTIMATED % PAST COMPLICATIONS	
				RESIDENCY FELLOW	SELF TAUGHT		MORBIDITY	MORTALITY
ABDOMINAL SURGERY								
			Exploratory Laparotomy					
			Appendectomy					
			Cholecystectomy					
			Cholecystectomy via Scope					
			Common Duct Surgery					
			Inguinal/Femoral/Umbilical Herniorrhaphy					
			Gastric Surgery					
			Small Bowel Surgery					
			Colon Surgery					
			Splenectomy					
			Surgery in Retroperitoneal Space					
			Hepatic Surgery					
			Other:					
VASCULAR SURGERY								
			Venous Ligation/Plication Saphenous Venous					
			Ligation/Plication Vena Cava					
			Thrombectomy					
			Repair of Aneurysm (Except Thoracic)					
			Repair Thoraco - Abdominal Aneurysm					
			Endarterectomy Aorto/Iliac/Femoral					
			Bypass Graft					
			Aorto - Renal					
			Aorto - Femoral					
			Aorto - Iliac					
			Femoro - Distal - Tibial					
			Femoro - Popliteal					
			Extra - Anatomic Bypass					
			Cerebrovascular Great Vessels					
			Sympathectomy - Thoracic					
			Cervical/Lumbar					
			Anastomoses for Trauma					
ORTHOPEDIC								
			Arthroscopy & Arthotomy					
			Closed Reduction of Simple Displaced FX or Dislocation					
			Amputation - Finger & Toes					
			Amputation of Extremity Complete or Partial					
			Total Joint Replacement					
			Tendon Repair, Primary					
			Tendon Repair, Secondary					
			Other:

REQUESTED N, P, A	GRANTED	GRANTED WITH CONDITIONS	SURGERY PRIVILEGES - PAGE FOUR	TYPE OF TRAINING		# PERFORMED LAST 12 MOS.	ESTIMATED % PAST COMPLICATIONS	
				RESIDENCY FELLOW	SELF TAUGHT		MORBIDITY	MORTALITY
BREAST SURGERY								
			Reduced & Modified Mastectomy					
			Radical Mastectomy					
			Lumpectomy					
			Biopsy					
GYNECOLOGICAL PROCEDURES								
LEVEL 1								
			Biopsy Cervix					
			Bartholin's Cyst Excision					
			Hymenectomy					
			Dilation & Curettage - Diagnostic					
			Excision or Biopsy of:					
			Vulvular, Perineal, or SubQ Tumor, Cysts, Lyomata, Polyps					
LEVEL 2								
			Repair, Prolapsed Vaginal Vault					
			Vaginal Hysterectomy					
			Abdominal Hysterectomy					
			Repair Recto or Vesico Vaginal Fistula					
			Colporrhaphy					
			Conization of Cervix					
			Excision of Prolapsed Urethra Meatus					
			Tubal Sterilization					
			Oophorectomy					
			Omentectomy					
			Ovarian Cystectomy					
			Salpingectomy					
			Simple Vulvectomy					
			Emergency C-Section					
			Culdocentesis					
			Culpotomy					
			Culdoscopy					
			Laparoscopic Supracervical Hysterectomy					
			Operative Hysteroscopy					
			Management of Other GYN Problems are Primary Cause of Admission					
INCIDENTAL/NON-ELECTIVE PROCEDURES								
AS PART OF LEVEL 1 OR 2 PROCEDURES								
			Anoscopy					
			Cystoscopy					
			Proctoscopy					
			Appendectomy					
			Cystotomy					
			Cystectomy
