

**WEST JEFFERSON SURGERY CENTER**  
**Marrero, Louisiana**  
**PRIVILEGE REQUEST FORM FOR LITHOTRIPSY**

**Minimum threshold criteria for initial appointment and reappointment**

*To be eligible to use this form to request clinical privileges, the following minimum threshold criteria must be met.*

1. *Basic education:* M.D. or D.O.
2. *Minimum formal training:* The applicant must be able to demonstrate successful completion of a residency or fellowship program approved by the American Board of Urology. Or the applicant must hold a certificate indicating proper training in ESWL from a center approved by the American Urological Association. This training should involve management of 25 patients for five to 10 consecutive working days and include pre-treatment studies and post-treatment care of these patients.
3. *Required previous experience:* The applicant must be able to demonstrate that he or she is qualified to perform ESWL. Due to the complexity of ESWL technology, the following monitoring system should be employed.
  - a. For candidates who have previous ESWL experience, a minimum of 3 cases should be observed by a practitioner who is credentialed to perform ESWL.
  - b. For candidates who have no previous ESWL experience, a minimum of 6 cases should be observed by a practitioner who is credentialed to perform ESWL.

**GENERAL PRIVILEGES FOR PHYSICIAN APPOINTEES**

All physician appointees of the Medical Staff are automatically granted privileges to:

1. Admit patients;
  2. Perform histories and physicals;
  3. Order diagnostic and therapeutic services;
  4. Make referrals and request consultations;
  5. Provide consultations within the scope of his or her privileges;
  6. Use all skills normally learned during medical school or residency; and
  7. Render any care in a life-threatening emergency.
- 

Exceptions

- Emergency physicians may not admit or write orders for care in the special care units. These activities must be performed by physicians with such privileges.
- Pathologists may not admit on an inpatient basis or provide emergency room coverage.
- See the special conditions for dentists and podiatrists section in the general policy for delineation of clinical privileges.

**PRIVILEGES DELINEATION OVERVIEW**

The following are the primary goals of West Jefferson Surgery Center's privilege delineation process.

1. Assure maximum objectivity in the granting of clinical privileges
2. Avoid, where possible, the use of long laundry lists of diagnoses that require constant updating and redrafting. These lists are, in many disciplines, difficult to monitor and are not generally thought to be realistic.
3. Grant privileges commensurate with education, residency, training, and experience.
4. Ensure, to the extent possible, that patients are cared for by individuals who possess the highest degree of competency.

**INSTRUCTIONS FOR THE APPLICANT REGARDING THE COMPLETION OF THE PRIVILEGES  
REQUEST FORMS**

*West Jefferson Surgery Center's Medical Staff is divided into departments. Requests for privileges are reviewed by the applicable Department Chair. You must use the privileges request forms to document your requests and to provide additional information for the Center to use.*

---

Please note the following when completing our privileges request forms:

1. Most Medical Staff appointees are automatically granted general privileges (See *General Privileges for Physician Appointees*). You must, however, specify any additional privileges you desire by completing the appropriate forms.

*Note: This privileges delineation packet does not include every possible situation, diagnosis, or surgical procedure.*

2. You are expected to practice within the bounds of your training and competence, and you should not attempt to treat those complicated cases for which there are individuals on this staff with higher levels of skill or training.
3. Newly developed or experimental treatment modalities not included herein must be cleared by the appropriate department chair prior to their performance.
4. Please become familiar with the capabilities and limitations of this facility, and do not attempt to treat conditions that require specialty care in other practice settings.
5. Ordinarily, applicants are given privileges request forms that correspond to their specialty or area of interest. If you desire privileges in more than one clinical field, such as medicine, pediatrics, and surgery, and do not find the forms necessary to document your request, please request assistance from the Credentials Coordinator or Administrative representative.
6. When questions require information concerning the number of times you have performed a procedure, you may generalize (e.g., 10-20, greater than 20).

*Note: The Center seeks general, not specific information, unless your overall volume is low. You are not expected to have performed every type of procedure.*
