

Otolaryngology

Basic Education: M.D. or D.O.

Minimal Formal Training: Successful completion of an ACGME or AOA-approved residency training program in otolaryngology. Must be Board Eligible or Board Certified.

Required Previous Experience: Demonstration that applicant has provided inpatient services or performed surgery for at least 50 patients during the past 12 months in areas of head and neck, otologic, plastic, reconstructive, and general surgery.

Core Privileges: Ability to admit, work up, diagnose, provide non-surgical and surgical care to patients of all ages presenting with illnesses, injuries, and disorders of the head and neck affecting the ears, facial skeleton, respiratory and upper alimentary systems. Core privileges do not include endoscopic sinus or laser procedures.

Other privileges requested for which you have current clinical competency may be listed below. Documentation of training and/or experience must be provided for any special privileges requested. I understand that by making this request, I am bound by the applicable laws and policies of the Medical Center and hereby stipulate that I meet the minimum threshold criteria for this request.
