

**PRIVILEGES IN PHYSICAL THERAPY**  
The NeuroMedical Center Surgical Hospital

**Name:** \_\_\_\_\_

***Physical Therapy Core Privileges***

**Qualifications**

To be eligible for core privileges in physical and rehabilitation medicine, the applicant must meet the following qualifications for both clinical proficiency and formal certification:

Clinical Proficiency:

Demonstration of the provision of inpatient or consultative services sufficient to assess clinical proficiency

Formal Certification:

Current certification or active participation in the certification process leading to certification in physical medicine and rehabilitation by the American Board of Physical Medicine and Rehabilitation,

or

Successful completion of an ACGME- accredited residency in physical medicine and rehabilitation.

**Privileges included in the core**

Privileges to admit, evaluate, diagnose, and provide non-surgical therapeutic treatments to inpatients and outpatients—except as specifically excluded from practice and except for those special procedure privileges listed below—with neuromuscular or musculoskeletal disorders, including the provision of consultations.

Privileges include physical examination of pain/weakness/numbness syndromes (both neuromuscular and musculoskeletal) referred by other health care providers. Direct intervention procedures to include but not limited to: tests of strength, balance, coordination, endurance, and gait; gait training; assessment of activities of daily living (ADL); therapeutic exercise; thermal therapy; cryotherapy; hydrotherapy; elector-modalities; order, adjust and instruct in the use of braces, crutches, walkers, wheelchairs, prostheses, and other related appliances to support and assist the mobility and stability of the patient.

**Special procedures privileges**

To be eligible to apply for a special procedure privilege listed below, the applicant must demonstrate successful completion of an approved and recognized course or acceptable supervised training in residency, fellowship, or other acceptable experience; and provide documentation of competence in performing that procedure consistent with the criteria set forth in the Medical Staff policies governing the exercise of specific privileges.

Recommended/Not recommended with the following modification(s) and reason(s):

---

---

**Acknowledgement of practitioner**

I have requested only those privileges for which by education, training, current experience, and demonstrated performance I am qualified to perform, and that I wish to exercise at The Neurosurgical Medical Center Surgical Hospital, and

I understand that:

- (a) In exercising any clinical privileges granted, I am governed by Hospital and Medical Staff policies and rules applicable generally and any applicable to the particular situation.
- (b) Any restriction on the clinical privileges granted to me is waived in an emergency situation and in such a situation my actions are governed by the applicable section of the Medical Staff Bylaws or related documents.

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

**Department Chief of Services' recommendations**

I have reviewed the requested clinical privileges and supportive documentation for the above named applicant and recommend action on the privileges as noted above.

In accordance with 42 CFR 412.46 (Physician Acknowledgement) hospitals paid under the Medicare Prospective Payment System (PPS) are required to obtain one signed acknowledgement statement from physicians who are being granted admitting privileges at a particular hospital. The physician must complete the acknowledgement at the time that he/she is granted admitting privileges at the hospital or before, or at the time the physician admits his/her first patient to the hospital.

When the hospital submits a claim, it must have on file a signed and dated acknowledgement from the attending physician that the physician has received the following notice as specified in 42 CFR 412.46(b):

**Notice to Physicians:** Medicare payment to hospitals is based in part on each patient's principal and secondary diagnoses and the major procedures performed on the patient, as attested to by the patient's attending physician by virtue of his or her signature in the medical record. Anyone who misrepresents, falsifies, or conceals essential information required for payment of Federal funds, may be subject to fine, imprisonment, or civil penalty under applicable Federal laws.

Existing acknowledgements signed by physicians already on staff remain in effect as long as the physician has admitting privileges at the hospital. Hospitals must meet the conditions specified in 42 CFR 412, Subpart C to receive payment under the PPS for inpatient services furnished to Medicare beneficiaries. If a hospital fails to fully comply with these conditions with respect to one or more Medicare beneficiaries, the Centers for Medicare/Medicaid Services (CMS) may, as appropriate:

Withhold Medicare payment in full or in part to the hospital until the hospital provides adequate assurances of compliance; or

Terminate the hospital's provider agreement.

I, the undersigned, acknowledge that I have received and read the notice to Physicians by NMC Operating Company LLC, (dba The NeuroMedical Center Surgical Hospital).
