In accordance with 42 CFR 412.46 (Physician Acknowledgement) hospitals paid under the Medicare Prospective Payment System (PPS) are required to obtain one signed acknowledgement statement from physicians who are being granted admitting privileges at a particular hospital. The physician must complete the acknowledgement at the time that he/she is granted admitting privileges at the hospital or before, or at the time the physician admits his/her first patient to the hospital.

When the hospital submits a claim, it must have on file a signed and dated acknowledgement from the attending physician that the physician has received the following notice as specified in 42 CFR 412.46(b):

**Notice to Physicians:** Medicare payment to hospitals is based in part on each patient's principal and secondary diagnoses and the major procedures performed on the patient, as attested to by the patient's attending physician by virtue of his or her signature in the medical record. Anyone who misrepresents, falsifies, or conceals essential information required for payment of Federal funds, may be subject to fine, imprisonment, or civil penalty under applicable Federal laws.

Existing acknowledgements signed by physicians already on staff remain in effect as long as the physician has admitting privileges at the hospital. Hospitals must meet the conditions specified in 42 CFR 412, Subpart C to receive payment under the PPS for inpatient services furnished to Medicare beneficiaries. If a hospital fails to fully comply with these conditions with respect to one or more Medicare beneficiaries, the Centers for Medicare/Medicaid Services (CMS) may, as appropriate:

Withhold Medicare payment in full or in part to the hospital until the hospital provides adequate assurances of compliance; or

Terminate the hospital's provider agreement.

I, the undersigned, acknowledge that I have received and read the notice to Physicians by NMC Operating Company LLC, (dba The NeuroMedical Center Surgical Hospital).
