

WEST JEFFERSON MEDICAL CENTER
Marrero, Louisiana
PRIVILEGES REQUEST FORM FOR OBSTETRICS

Minimum Threshold Criteria

To be eligible to use this form to request clinical privileges, the following minimum threshold criteria must be met.

1. *Basic education:* M.D. or D.O.
2. *Minimal formal training:* Successful completion of an approved residency training program in obstetrics and gynecology.
3. *Required previous experience:* The successful applicant must be able to demonstrate that he or she has performed at least 100 deliveries in the past 24 months.

Note: A letter of reference must come from the residency director or chief of obstetrics and gynecology from another hospital where applicant has been affiliated for the last two years. Two others must come from an anesthesiologist and primary care physician who have known the applicant at least two years and are acquainted with the applicant's current professional status, medical practice, and involvement in the field of obstetrics.

Core Privileges

Privileges include admission, work up, consultation, diagnosis and the treatment of female patients of all ages presenting in any condition of pregnancy. These privileges include cesarean sections, resuscitation of infant, amniocentesis, and all other procedures related to normal and complicated delivery. Privileges also include admission, work up, consultation, diagnosis, and the nonsurgical treatment of female patients of all ages presenting with illnesses, injuries, and disorders of the obstetric system. These privileges do not include any special requests.

For each special request, threshold criteria will be established. Special requests for obstetrics and gynecology include:

- [] destructive operations of fetus in utero in case of embryonic or fetal demise – 3rd trimester
